

Dear concern person,

With four years of experience in Software Development, I am confident I will be an excellent fit for Dealox's next Laravel Developer. My experience has provided me with the innovative and technical skills necessary to successfully provide your company with multifaceted technical solutions across a wide range of software platforms.

At Inlack Limited, I am responsible for developing high-traffic ERP's and websites for different kinds of government organizations. I oversee the building of innovative systems architecture via Laravel frameworks, HTML5, CSS3, JavaScript, MySQL, REST APIs and Docker. I was instrumental in structuring several internal systems comprising order entry/management tools, conversion/revenue reporting, and production workflow tracking, as well as designed custom REST APIs built in Laravel PHP. I also successfully collaborate on solutions with our product, QA, and marketing teams to offer the best user experience to build higher customer lifetime value.

The following is a snapshot of my broader technical skills:

- ✓ Agile Project Management
- ✓ Custom Web Applications
- ✓ Database Programming
- ✓ Linux Server
- ✓ Networking Devices and Tools

It would be a pleasure to learn more about Dealox's needs, and I would welcome the chance to provide further insight into my knowledge of project management, technical abilities, personal attributes, and track record of success in building revenue generating web technologies compatible across multiple platforms, browsers, and devices.

Thank you for considering my candidacy for this position. I hope to hear from you soon to schedule an interview.

Sincerely,  
Md. Saiduzzaman Tohin
